ANCIENT AND HONORABLE ARTILLERY COMPANY OF MASSACHUSETTS

Chartered in 1638

The First Military Company Chartered
In the Western Hemisphere

As the settlements which followed the landing at Plymouth increased and spread, there was no organized military force, for there were only local volunteer companies and there was no joint action or centralized authority. Many of the settlers of Boston had been members in England of the Honourable Artillery Company of London (organized in 1537), and it was natural that the military training they had received in that company should lead them to form a similar organization in the new country. In 1637 the Company was formed for instruction in discipline and tactics. Governor Winthrop granted a Charter in March 1638 and on the first Monday in June of that year, an election of Officers was held on Boston Common. Since that time, the Company has maintained the tradition of holding their annual elections on Boston Common on the first Monday in June by casting their votes on a Drumhead.

Since 1746, the Headquarters of the Ancient and Honorable Artillery Co. of Massachusetts has been located on the fourth floor of Faneuil Hall- an historic citadel known to all Americans.

In its Armory, the Company maintains a Military Museum and Library, which is without equal in the United States. Here there are relics of every war in which this country has been engaged since its settlement. The Armory is open to the public daily, and many thousands of visitors from every part of the world register every year in the Company's guest book.

The members of the Company have trod the fields of every battlefield in New England; they have fought for freedom on foreign soil; they have judged the courts; they have pleaded at the bar; they have instituted town government and leveled forests; and they were active settling the towns of the frontier.

Ancient and Honorable Artillery Company members have served on every battlefield from Bunker Hill to Yorktown, in both the War of 1812 and the Civil War, during both World Wars, Korea, Vietnam, Iraq and Afghanistan.

This is a Company that Washington knew, that Franklin saw march through streets of Boston, that John Adams and John Quincy Adams visited; that has had eleven members who received our nation's highest military decoration - the Medal of Honor - and has had four of its members serve in the Free World's most important office, President of the United States; Presidents James Monroe, Chester Alan Arthur, Calvin Coolidge, and John F. Kennedy; the same Company which has always stood for, and will continue to stand for, the best in Citizenship.
